

Interdisciplinary Graduate Program in
Molecular & Cellular Biology

Fall 2015 Workshop & Seminar Series

**"Fascin Regulates Nuclear Actin During
Drosophila Oogenesis"**

Daniel Kelpsich

**Molecular & Cellular Biology Graduate Student
Tootle lab**

**"Generating iPSC-Derived Choroidal
Endothelial Cells for the Treatment of AMD"**

Allison Songstad

**Molecular & Cellular Biology Graduate Student
Tucker lab**

**Thursday, November 5
4:00-5:00 p.m., 1289 CBRB**
